Pakistan's younger generation faces critical challenges, such as a lack of leadership, entrepreneurship, and community spirit. - **OSP Character Building:** Supporting orphan children, this program focuses on character building and development for students from primary to high school, in collaboration with the Zakat Foundation of America.

Educational Advancement Initiative (EAI)

EAI bridges academic gaps by equipping students with essential 21st-century skills. The program includes:

- **Concept Mastery Initiative (CMI):** Designed for Hifz students, CMI ensures mastery of Maths, Science, English, and Urdu with no homework and minimal study time.
- **Enhancing Quality Education:** Under this program, currently in Jhelum, a 10-year partnership with the education department focuses on mentoring government school teachers for continuous growth.
